MyLink Teen Summer Bus Pass 2016

New Card, New Destinations!

Now MyLink is better than ever! In 2016, MyLink passes will be loaded onto SmarTrip® cards. This will enable teens to ride locally, connect with nearby Metro stations and even travel into Washington, D.C., using a single fare card!

Get to and from your summer job or summer school activities...Catch a movie...Connect with Metro... Visit D.C. Museums...Shop at the mall...Visit the library...or just hang out with your friends at the local parks or recreation centers. With MyLink you can do all that and MORE!

How to Purchase a MyLink Pass

MyLink is easy to buy and will make it convenient and fun to get around this summer! Just visit the PRTC Transit Center and bring proof that you're a teen. MyLink is a pass that PRTC will load onto a SmarTrip® card for you. Already have a SmarTrip® card? Bring your card when buying your pass and save $2!

The MyLink pass is valid from Monday, June 6 through Saturday, September 3, 2016. That's right! You get 3 months of unlimited local rides for just $30 – but if you don't already have a SmarTrip® card, there's an additional $2 fee to purchase one.

How to Use a MyLink Pass

When boarding a PRTC bus, tap your SmarTrip® card to the farebox. The farebox will recognize your MyLink pass and won't charge you for local trips. (OmniLink off-route trip surcharges still apply.) Then take a seat and you're on your way!

If you're planning to travel outside the local area, you'll need to load additional money on the card to pay for the difference between the local bus fare and the commuter bus fare. You can add value to your card online at SmarTrip.com, on the bus (cash only), at PRTC, at Metro stations, or at select SmarTrip® sales locations. Learn more at SmarTrip.com.

How to Catch a Ride

- Find the bus stop that's closest to you by checking out the Schedules and Maps section for Local Buses at PRTCtransit.org, or picking up a printed schedule at one of many convenient locations around town.
- Stand at the bus stop closest to you. When the bus arrives, check the sign above the window to make sure it's the bus you want to ride. Still not sure? Just ask the friendly bus operator.
- While on the bus, pay attention to where you are. When your bus stop is about one block away, pull the cord above the window to let the operator know that you want to be let off at the next stop.

How to Read the Bus Schedule

The route map at the top of the schedule shows where the bus makes stops along the route. Bus stops are shown either as a simple black dot or a numbered timepoint that matches up with the timetable below the map. To plan your trip:

- Look at the headings above the timetable to find the bus stop that's closest to you.
- When you find the bus stop you want to use, follow that column down to see what time the bus will arrive.
- If there's no time listed for the bus stop you plan to use, select the numbered bus stop before yours as a guide.
- Plan to arrive at the bus stop 5 minutes earlier than the listed time.
