AGENDA ITEM 9-A ACTION ITEM

TO: CHAIRMAN JENKINS AND THE VRE OPERATIONS BOARD

FROM: DALE ZEHNER

DATE: MARCH 21, 2008

RE: AUTHORIZATION TO AWARD A CONTRACT FOR ENGINEERING AND ENVIRONMENTAL SERVICES FOR THE CHERRY HILL THIRD TRACK PROJECT

RECOMMENDATION:

The VRE Operations Board is being asked to recommend that the Commissions authorize the Chief Executive Officer to award a contract to STV/RWA for engineering and environmental services for the Cherry Hill Third Track project in the amount of \$1,833,373, plus a 7% contingency of \$128,336, for a total amount not to exceed \$1,961,709. The VRE Operations Board is also being asked to recommend that the Commissions authorize the Chief Executive Officer to execute any related documents necessary to implement the project.

BACKGROUND:

In compliance with the on-going initiative to construct a third track within the CSX corridor, on October 21, 2005, VRE staff submitted an application for project funding to the Virginia Department of Rail and Public Transportation (DRPT) Rail Enhancement Fund. On December 15, 2005, the Commonwealth Transportation Board approved \$2,500,000 for the Cherry Hill Station/Third Track project. This funding will be used to initiate feasibility and environmental evaluation services.

An RFP was issued on December 20, 2007, for engineering and environmental services for the third track project. The scope of work includes assisting in developing various design options, identifying potentially affected environments, defining the general scope of work, and formulating a project cost estimate and time line.

Proposals were due on February 15, 2008, and three proposals were received. After reviewing proposals and conducting interviews with the firms, staff recommend award to STV/RWA. Upon issuance of a Notice to Proceed, the work will be completed in approximately fifteen months.

FISCAL IMPACT:

Funding is provided from Virginia Department of Rail and Public Transportation (DRPT) Rail Enhancement Fund grant. The remainder of the grant funding has been allocated to other project costs including CSX force account work.
