Dear Mr. Jenkins:

Thank you and the members of the Potomac and Rappahannock Transportation Commission for the resolution expressing appreciation for my service as the Agency Director for the Department of Rail and Public Transportation. I very much enjoyed my time as the Agency Director and appreciated the collaborative manner that your Board worked with the Department in addressing the rail and public transportation needs of Northern Virginia and the Commonwealth. You and the entire Board should feel a great deal of pride in the organization that you lead. From my experience, it is one of the best in the industry.

Take care and I look forward to reading about your future successes.

Sincerely,
