## AGENDA ITEM 9-E ACTION ITEM

**SUBJECT: AUTHORIZATION TO EXTEND AMENDED OPERATING/ACCESS AGREEMENT WITH NORFOLK SOUTHERN**

---

### RECOMMENDATION:

The VRE Operations Board is being asked to recommend that the Commissions authorize the Chief Executive Officer to execute an extension of the existing Amended Operating/Access Agreement with Norfolk Southern to January 31, 2009.

### BACKGROUND:

VRE has an Operating/Access Agreement with Norfolk Southern (NS) relating to VRE operations in the Manassas to Washington corridor. That agreement, entered into in 1999, has been amended and extended several times, most recently this past December, with an agreed upon extension to July 31, 2008. A further extension is being requested at this time to provide sufficient time to complete negotiations of a new agreement.

Following detailed negotiation sessions with Norfolk Southern representatives, an agreement in principle was reached on all contract items with the exception of liability coverage. The Operations Board and Commissions approved these terms at their June and July, 2005 meetings respectively, and authorized execution of a new agreement that conformed to each of those items.

Subsequent to the Commissions' action, however, it became clear that an agreement on the level of liability coverage could not be reached and the contract could not be executed. Norfolk Southern insists on including \$500 million in liability and terrorism coverage in the new agreement. Currently, VRE has \$250 million in coverage. An extension of the current agreement is needed while staff continues to attempt to resolve the insurance issue.

**FISCAL IMPACT:**

Funding for the Norfolk Southern track access fees have been budgeted in the FY 2009 budget, including an escalation of 4% annually.
